The Magic Presence

GODDESS OF LIBERTY!

BLEST Goddess of Liberty,
I send You my Love;
God's own Freeing Power,
The "I AM" above!

Raise high Your Great Light!
Set all mankind Free!
Illumine their way!
Give True Liberty!

Thy Torch now held high
Illumines the World,
Thy Crown of Pure Light
Is Victory Unfurled!

Thy Garments of Gold
Are Love's Gift so True;
Guard well our Blest Flag,
The Red, White, and Blue!

Thy Book held so close
Is God's Law! Clear and True!
The Great Word "I AM,"
Light's Presence come through!

Thy Feet Strong and Firm
Tread only Light's Way;
Blaze forth Thy Full Power
In Victory today!

BELOVED GODDESS OF LIBERTY'S DISCOURSE

Through Mr. G. W. Ballard

Seattle, Washington September 25, 1938

BELOVED CHILDREN of the Light, in the need of mankind today and the fullness of all We, as Cosmic Beings, wish to give to the Children of Earth, let each one who is present tonight realize that We shall send This forth through the air currents into the feeling world of every "I AM" Student.

In the fullness of Our great Love, which is awakening and charging forth the fullness of Life's Activity which each one is calling forth, all over the World tonight the Students of the "I AM" are focused upon this point. Beloved Ones of Seattle, visiting Friends and Students, try tonight, as never in your experience, to understand what that means—to have the mighty love of so many thousands of people focused upon you here in this room! Never in the history of your Earth has any such thing ever been done!

Today, the great Blessing of that Mighty Focus of Love, Light, and Energy is enabling Us to do what was inconceivable even a year ago. Your Mighty Decrees which have been sent forth are so much greater a Service than you have even conceived; and one day, when you are able to observe, you will understand how and why Our Gratitude is so very great to you. While it is you that must be set free, yet Our Joy in this Service to assist you is quite indescribable.

Before I proceed, I want you to rejoice with Me, for you will later see the full outpicturing of It. Unfortunate individuals, including Mr. Hitler, have failed in their attempts to release destruction. Please rejoice in that, and you have your Beloved Saint Germain largely to thank for it! *(applause—audience rising)* This Beloved Ones, is only the beginning of the closing off of that frightful release of destructive energy. We have been fortunate enough to find the source back of this destructive activity in Europe *(applause)*; and that force was destroyed during the Great Divine Director's Dictation today. *(applause)* So, Beloved Children of Light, there will not be any invisible power to feed and

© 1986 Saint Germain Press, Inc.

charge into the people of Europe that mighty destructive energy and desire. *(applause)*

It may subside quickly or it may require some time, depending upon other Powers that We may be able to release; but I want you to realize I have offered Myself—your Cosmic Mother *(applause)* —therefore, joining with One who is offering to become the Cosmic Mother of Europe, whom you shall later know. We feel great progress is being made in stopping the destructive forces of the World. *(applause)* Will you be seated.

For your strength and encouragement, I find it necessary to review slightly My humble Efforts for your America. At the time of your Beloved Saint Germain's Ascension I was present; and I was considering the conditions, the tremendous efforts which He had made in Europe for quite four hundred years, beginning long before His Ascension. When He found out who I was, He said to Me: "What can I do? Who can I find to carry out this Cosmic Decree for the Earth?" I said to Him: "Beloved Brother of Light! Perhaps I am One for whom you are searching, for I too have longed to find the spot on Earth where mankind could once again reign in peace."

Since America was the only spot that had not been more or less drenched with blood, America was made the Cup of the Cosmic Light, for the *last chance* to set mankind free. Then came the early period of gaining your freedom in America, when this great Vision was shown Washington. At one time It was almost forgotten, but thanks to these Beloved Messengers, It was again revived, and thousands and thousands of people in your Beloved America have come to know and remember It.

That was no one's fancy, Beloved Children of the Light! It was a Great Cosmic Picture shown by the Cosmic Light that mankind might protect and might defend themselves. They did not understand It. Even though in the closing words there was the Decree, as you have come to know it now—"That if necessary, that Light as of a Thousand Suns would descend into America and the World, to dissolve and consume all human selfishness and discord from the Planet!"—that part seems to have been forgotten. As the nature of human qualities is to fasten upon destructive things, it

was believed by a great many people who had read that Vision, that it was the forerunner of a great conflagration which must be settled by arms. Through these Beloved Messengers whom Saint Germain brought forth, you have come to know that it can be solved by the Arms of Light, and that will be a permanent, Eternally Sustained Power of Light and Peace. All things which people attempt to solve by war must be repeated again and again, because of the feeling released from mankind.

You are in a position to help solve such conditions permanently. More than six hundred thousand people have come to know of the "Mighty I AM," and many more will come ere long. Therefore you are in a position, Beloved Children of America, to call that Power of Light into action and bring It to the point where the Great Cosmic Light will release and come to the Assistance of mankind; and whatever is still remaining in Europe will find within America the Power and Dominion of the Cosmic Light.

To the human concepts, the conditions of Europe seem yet quite frightful; but who shall say when the Dominion of that Light shall strike, when the feeders of the destruction of war are no longer apparent? An engine without power does not run. The war engine of the world has lost its power. *(applause)*

You should be greatly interested to know that the Goddess of Light, the very Blessed One who stood at that time—when the mishap befell Her—alone against the entire destructive activity of the Earth, has been assisting Us. Yet out of Her mishap She arose the Victor, the Goddess of Light! She has been greatly instrumental in assisting Us in this tremendous Accomplishment of the recent months.

Since the Messengers were in New York, great indeed has been the accomplishment. Therefore, Beloved Students of this part of America, I urge you as a part of Life to forget your personal selves, to forget any human desires, and to stop forever any unkind feeling to each other, as you value the future! Go on each one and do your Work! Each Group Leader, do your Work and mind your own business, if you want America to be saved! Do not have petty human qualities acting. Your city has been set free from many most tragic things, but it is not wholly free yet. There are forces still watching for an opportunity to strike at your city. Be

alert! Be on guard! And remember that harmony in your feelings as Students of the Light is the important thing in the coming months, and years if necessary.

Therefore, understand This, for that is why I am giving you the prompting. If you do not give the obedience, then you alone are to blame for anything that occurs. The Messengers have rendered a Service to this city that no words could estimate; but you as citizens of your city, should be the Power and Focus of Light here. If you fail Us, then blame no one but yourselves for the results that follow.

San Francisco was in gravest danger until the Messengers came to Oakland the last time. The balance has been once again sustained. But a few very vicious individuals can be the focus to release a destructive force that destroys hundreds of thousands of people. That is what San Francisco needs to understand; that is what your Seattle needs to understand. The Messengers have come and established the Power of Light, have rendered the Service. Now it is for you to maintain that; and by Harmony in the feelings of every Student here, you can be such a Power and Focus of Light that It will hold and sustain the balance for all time in your city. *(applause)*

I have no time to humor your feelings, Beloved Children of Earth; therefore, put them in your pocket, while I am talking to you. The imperative need of America and the protection of Her people, while it has come to a point delightful to Us, yet still is there much to be done. The sinister activities and the spies of Europe that wove a network over your America and the Americas, have also lost their power! *(applause)* I congratulate Canada with all My Heart on their quite determined stand and disposal of the communists of Canada. *(applause)*

Beloved People, when I speak of communists, I do not mean the general mass of people who have been drawn into it; but I am speaking of the wholly vicious ones—and make no mistake about it, they *are* vicious with no single thought or feeling of consideration for their fellowman. Since so much has been dissolved and consumed in your city, with every Student holding the harmonious balance to Life, it will make it comparatively easy for all

© 1986 Saint Germain Press, Inc.

conditions to be held in Peace and the Glory of Divine Order and Justice to all reigning in your city.

I say to you, having come to know the Mighty Presence of Life, the "Mighty I AM," if you fail, then you have failed the people of your city. You have taken the responsibility in accepting the Light to call It forth, so harmonize yourselves and have no petty differences. When We have asked cooperation, do not offer cooperation with a seething feeling in your feeling world. You deceive no one but yourself. Therefore, if you will offer your obedience, your harmony to Life and Light, then great will be your blessing to your city.

As time has grown short in all that is yet to be done, We have to be very frank. You know We never feel or speak unkindly, but yet We are firm in what is absolutely imperative to be done. We are offering Our Assistance without limit, but We must have certain cooperation from mankind. In Our earnest, sincere endeavor to help you to become free, to establish in America that Mighty Focus of Light which will one day be visible to you all, there will come forth the Power and Visibility of the Unfed Flame, which will pour Its Radiance throughout the United States. I feel confident that the Powers of Light will win in America without bloodshed; *(applause)* but if the "I AM" Students who are really "I AM" Students today, would suddenly forget their Calls to the "Presence" for the Blessing and Protection of America, soon all that might be reversed.

So remember, go forward in the Victory of the Light, and through your Call for the Protection and Blessing of America, there must come your own individual freedom. Try to understand that, because in all Service to the Light, the Light will serve you. Therefore, as the Messengers go forth to Chicago, will you focus every power of your love and light there? Much depends upon the Victory which will be won there. It is a focal point of the activity of the Messengers and the Power of Light in America.

The social activity in your America and all that has brought you to your present achievement, largely in the industrial world and mechanical world, try to feel with Me tonight that it had to be balanced by the Inner progress or Expansion of the Light. You see

© 1986 Saint Germain Press, Inc.

your mechanical perfection, the conveniences that are yours to use in the outer structure of the physical world; but when you realize that all of it had to be balanced by an Inner activity in order to produce that, then you will perhaps have a little clearer idea of the position you stand in today.

With the greatest Joy of My Heart, I assure you that out of more than six hundred thousand who have come to know the "Mighty I AM," there are five hundred eighty thousand who are staunch, firm, and true. *(applause)* I mean by that, those whose Light is strong enough and who have enough understanding within them to hold them steady with their attention upon the Light—upon the "Mighty I AM." Therefore, We shall expect great things from them, as they hold steady that Mighty Focus of Light and Power.

I want you to feel tonight your blessing, your ability as one of mankind, as you stand observing your position to the Powerhouse of Life. You cannot help but see and realize that your ability, your courage and strength is limitless; and when you know your Call will release the Powers of Light and the Power of Wisdom, then that Power of Life which is beating your Heart has become the Authority of Earth. The human cannot be authority, but the Power that beats your Heart at your Call *can* become the Authority through your human form, and That alone.

Therefore, I say to you, the Powers of Light are taking Their Dominion through humanity, by the Power and Eternal Focus of Light which has created all human forms. Then you have come home, Beloved Humanity, into the Light from which you came and to which you are again returning. Take this Instruction to blessed humanity and once again will they know their return upon the Pathway of Light.

I could give you certain information tonight, if it were Wisdom to do it, that would enthrall you in that which is before the Students of the "Mighty I AM"; but Wisdom says it is not quite time to do that. This much I shall say: There is no limit to the Power of Perfection which this Body of "I AM" Students can call forth! I mean the entire Body in America, in the staunch stand with their "Presence of Life," calling It forth constantly into Its Mighty Action.

© 1986 Saint Germain Press, Inc.

I say to you, any one of you: the greatest accomplishment that you have had in the Application of this Great Law thus far, is but a tiny fragment which stands just before you in the coming months and years if you will stand unyielding to your "Presence of Life" and refuse to give power to the appearance world. For your encouragement, I want you to realize that secretly throughout America there has been the great, great awakening; and again there is coming the return of loyalty to America! *(applause)* Do not be amazed when I say that there are three million people in America today who, if necessary, would rise as one man to defend your America. *(applause—audience rising)*

Now this has come about—perhaps sixty percent of it—by the Mighty Decrees which have gone forth from the Student Body throughout America. That has made it possible for the Cosmic Light to touch the Hearts of mankind and return by the Power of Qualification which has been sent forth, loyalty to America, much of which had been destroyed by the conditions and the spies from Europe. Today that Magnificent Activity is taking place; and once the momentum is started, It will continue to expand. Many who were not loyal to America six months ago, have seen the mistake and stand loyal in their Hearts now. *(applause)* I say this for your encouragement, that you may go on and on in your Mighty Decrees, rendering this mighty service which you cannot estimate.

No one in the outer world could possibly estimate the value of it. Think, Beloved Students of the Light! In this Mighty Call, notice the quality that is going forth for the Freedom and Protection of America. That means you are calling forth and holding within your feeling world this Magnificent Activity of Freedom and Protection for your own selves. It is the Law of Life! *(applause)* If you pour forth a hundred percent activity through your human form, you must necessarily retain sixty percent of it; then you understand how without a consideration of yourselves, you are naturally gaining your Freedom. Every Decree you issue for the Freedom of America and Its Protection, you are calling forth sixty percent Protection and Freedom for yourself.

Now I say to you in all earnestness, be not dismayed what friends, relatives, and people do. Refuse to accept into your feeling

world anything that breathes of discord, no matter from whom or from whence it comes! You have the authority now! Assert it! As you find that you are the authority and have the power to repel or keep out of your world these discordant qualities, you will find an ability and joy in this Service, and in the power of calling forth the Light, that will bless and give you such happiness and sustaining power as you have never conceived was possible.

These mighty Qualities released into your feeling world and the Golden Light-Substance which the Great Divine Director has been giving you, is beyond all description, so try to feel that. Accept It as a Real, Powerful Activity in you, your feeling world, and your activity. What good does it do to offer a Magnificent Service if you do not believe It nor accept It in your feeling? In all the Magnificent Things which the Great Divine Director has done for you in this Class, if you say tomorrow, "Well, that was a lot of talk," how much benefit do you suppose you will get from His Great Blessing which He has offered to you?

I say to you Beloved Students of Seattle, watch your words if you want to be free! Your words are Cups that carry qualities and power which, if not constructive, will return to you; because this Power of Light which has been released will cause to return upon everyone, every destructive quality or feeling sent out. I tell you frankly, you have the right, the authority, and the power to govern your feelings through self-control. Be kind enough to do that and render this Service to America—It is needed—in combination with the great Body of "I AM" Students all over America who are calling for the Freedom of America, and the blessing and freedom of finance and health for every other Student.

I shall remind you of this, Beloved Ones, and I say this to all of the Students of America as well: when you feel that you are beset by some kind of ill health, stop and think—twice a day, thousands of people are calling for your health! Then, you go on saying, "I am so sick"! Do you not see how it would be impossible for a discordant thing to manifest—pain or distress or anything else in your bodies—if you could accept the Power of those Mighty Decrees offered for your health, as well as for your financial freedom?

© 1986 Saint Germain Press, Inc.

I want you to realize tonight the Majesty and the Power that is being offered by your fellow Students all over America, as well as the Great Beings of Light who want you to be free. They are pouring out the utmost you can assimilate at this time, in order that you may be free, that you may have your supply, your health, your strength, your power and courage to stand in the Infinite Power of Light and let Its Mighty Glory flood your being and world, and that of America and the Earth.

In the fullness of all that it is your privilege to have today, do not ever relapse into a feeling that "This was a joyful ten days; but, oh dear, look at my troubles out here!" *Those troubles will disappear, if you forget them! (applause)* How can they disappear as long as your vision is upon them? Take that vision off! Turn it to the Power of Light; and let that Power of Light sweep into action, and every one of you will be free! *(applause)*

We are more and more determined, Beloved Ones, to release such Power that It gives you the strength, courage, and confidence to arise and straighten your spines; and to say really with the full feeling of your Powerhouse, to all limiting and destructive forces, "You have no power!" Feel that and stand by it! Then see how quickly the Power from your "Presence" will flood your world, as long as there is no acceptance of the power of limitation from the world of appearance.

Therefore, I ask you to stand by your "Presence of Light." Stand within Its Light and let Its Magnificent Intelligence flow through you like a mighty river, and out into your world with the Power of Divine Love going forth, harmonizing and bringing everything into the beauty and perfection that Life wants to give you and that America must have.

So I say to you tonight, with your eyes, with your attention, with your whole Heart and feeling world held to your "Mighty I AM Presence," your Great Presence of Life, just in great stillness, in adoration, feel Its Mighty River of Light flow in and through now—sweeping out of your body all distress and imperfection, and then out into your world. As the Light pours forth dissolving all discord, all limitations, you lower your eyes from your "Presence of Life" and find Its Magnificent Splendor has

spread over your world in the human octave, bringing Its Great Perfection there.

Beloved Ones, the Glory of Life is yours, if you will only accept It and continue to call Its ever-intensifying Power and Activity into action. It is for you! You have the Law; you have the Understanding; you have the Application; you are being offered the full Power of Light to sustain you, until you gain the full Victory of the feeling within yourself. Will you not allow Us to sustain, strengthen, and encourage you; and go on and on quickly into the glory of your great, great Freedom? I thank you so much. *(applause)*

In closing, Beloved Ones, I charge into your feeling world My Power of Freedom; and as the Mighty Victory charges His Power of Victory into your world, in the fullness of your Hearts accept It forever, All-powerfully active—and the Courage and Strength of the Ascended Masters' Octave acting through the Power of the Golden Liquid Substance, which the Great Divine Director has released into your feeling world. It is the anchor of the Power of Light from the Great Octave of the Ascended Masters. Will you accept It and stand by It, until Its full Outpicturing finds Its full expression through your bodies and out into your world? *(applause)*

I thank you and bless you forever, My Children of the Light. Remember, I have offered to be your Cosmic Mother! *(applause)*

GEM OF LIGHT

Beloved Goddess of Liberty's Words:

"Mighty I AM Presence!" Charge my mind, body, and world with Your Mighty Alertness; with Your Mighty Power of Action; and hold me so alert during this Class, that I never miss a single prompting and Call that is given for my freedom!

As you do that you will prepare yourselves, and you will not bring in with you any influence that will disturb you. Feel yourself absolutely cut free from the physical world when you enter that classroom, and We will give you the Assistance and see that you are—if you will make the Call.
